# HELLO BOYS!

The *Nuts* fave talks summer, monkeys and *Playboy* parties!

**H**i Lucy! How was the shoot? It's me with my boobs out, basically! It's a bit retro. A bit of a '70s *Playboy* bunny look – very kitsch and colourful. It's nice and sexy! Are you looking forward to summer? Yeah, I can't wait! The few days of sun we had recently just put everyone in such a happy mood. We haven't had a proper summer for about five years, so I hope we get one this year!

What are your plans for the summer? I'm going on holiday in a couple of months, just for a "sun holiday" in Portugal with my friends. Then, hopefully, I'll go to LA in July. I've never been there and everyone always says I'll like it. Everyone either loves it or hates it, but I think I'll love it! Do you think you're going to stick out among all those fake-boobed blondes? Hopefully. I'll be like the anti-LA woman, ➔

## LUCY PINDER

with my brown hair and natural boobs! That'd be quite good fun. **What if you bumped into Hugh Hefner and he wanted you to do a *Playboy* shoot?** I don't think I could take it *all* off! Although I wouldn't mind a little invite to a party at the *Playboy* mansion. **Neither would we!** It'd be so much fun. I've heard things about his infamous grotto, though, so I don't think I'd go in there. I might just hover outside or try to peek to see if anyone's in there getting up to naughties!

**Is summer the best time of year to get it on outdoors?** Oh,

definitely, just for the practicality of the thing as you're nice and warm.

There's something about feeling the sun on your skin.

I think everyone gets a bit more frisky. And if you get caught, there are less clothes to put back on!

**What's the funniest rumour you've ever read about yourself?**

Loads of my friends recently thought I was pregnant, which is a bit freaky. I think I'm quite lucky because I'm not really a famous person. I can't really think of any funny rumours. I'm sure there have been loads but you just shrug it off.

**Has anyone ever come up to you and said anything downright weird?**

I just think it's a bit weird that because you're a glamour model, people think they can be inappropriate with you! I did a picture with this one guy and he walked off, then came back and said, "Are you going to do a picture with your boobs out or not?" I just said, "I don't think so, do you?" So he said, "No!" and just walked off!

**According to the internet, your life ambition is to hold a monkey. Is that true? And have you achieved it?** [Laughs] Yeah, that's

true. That's actually one of the things I really want to do! ➡

"Do you have any bigger shirts?"

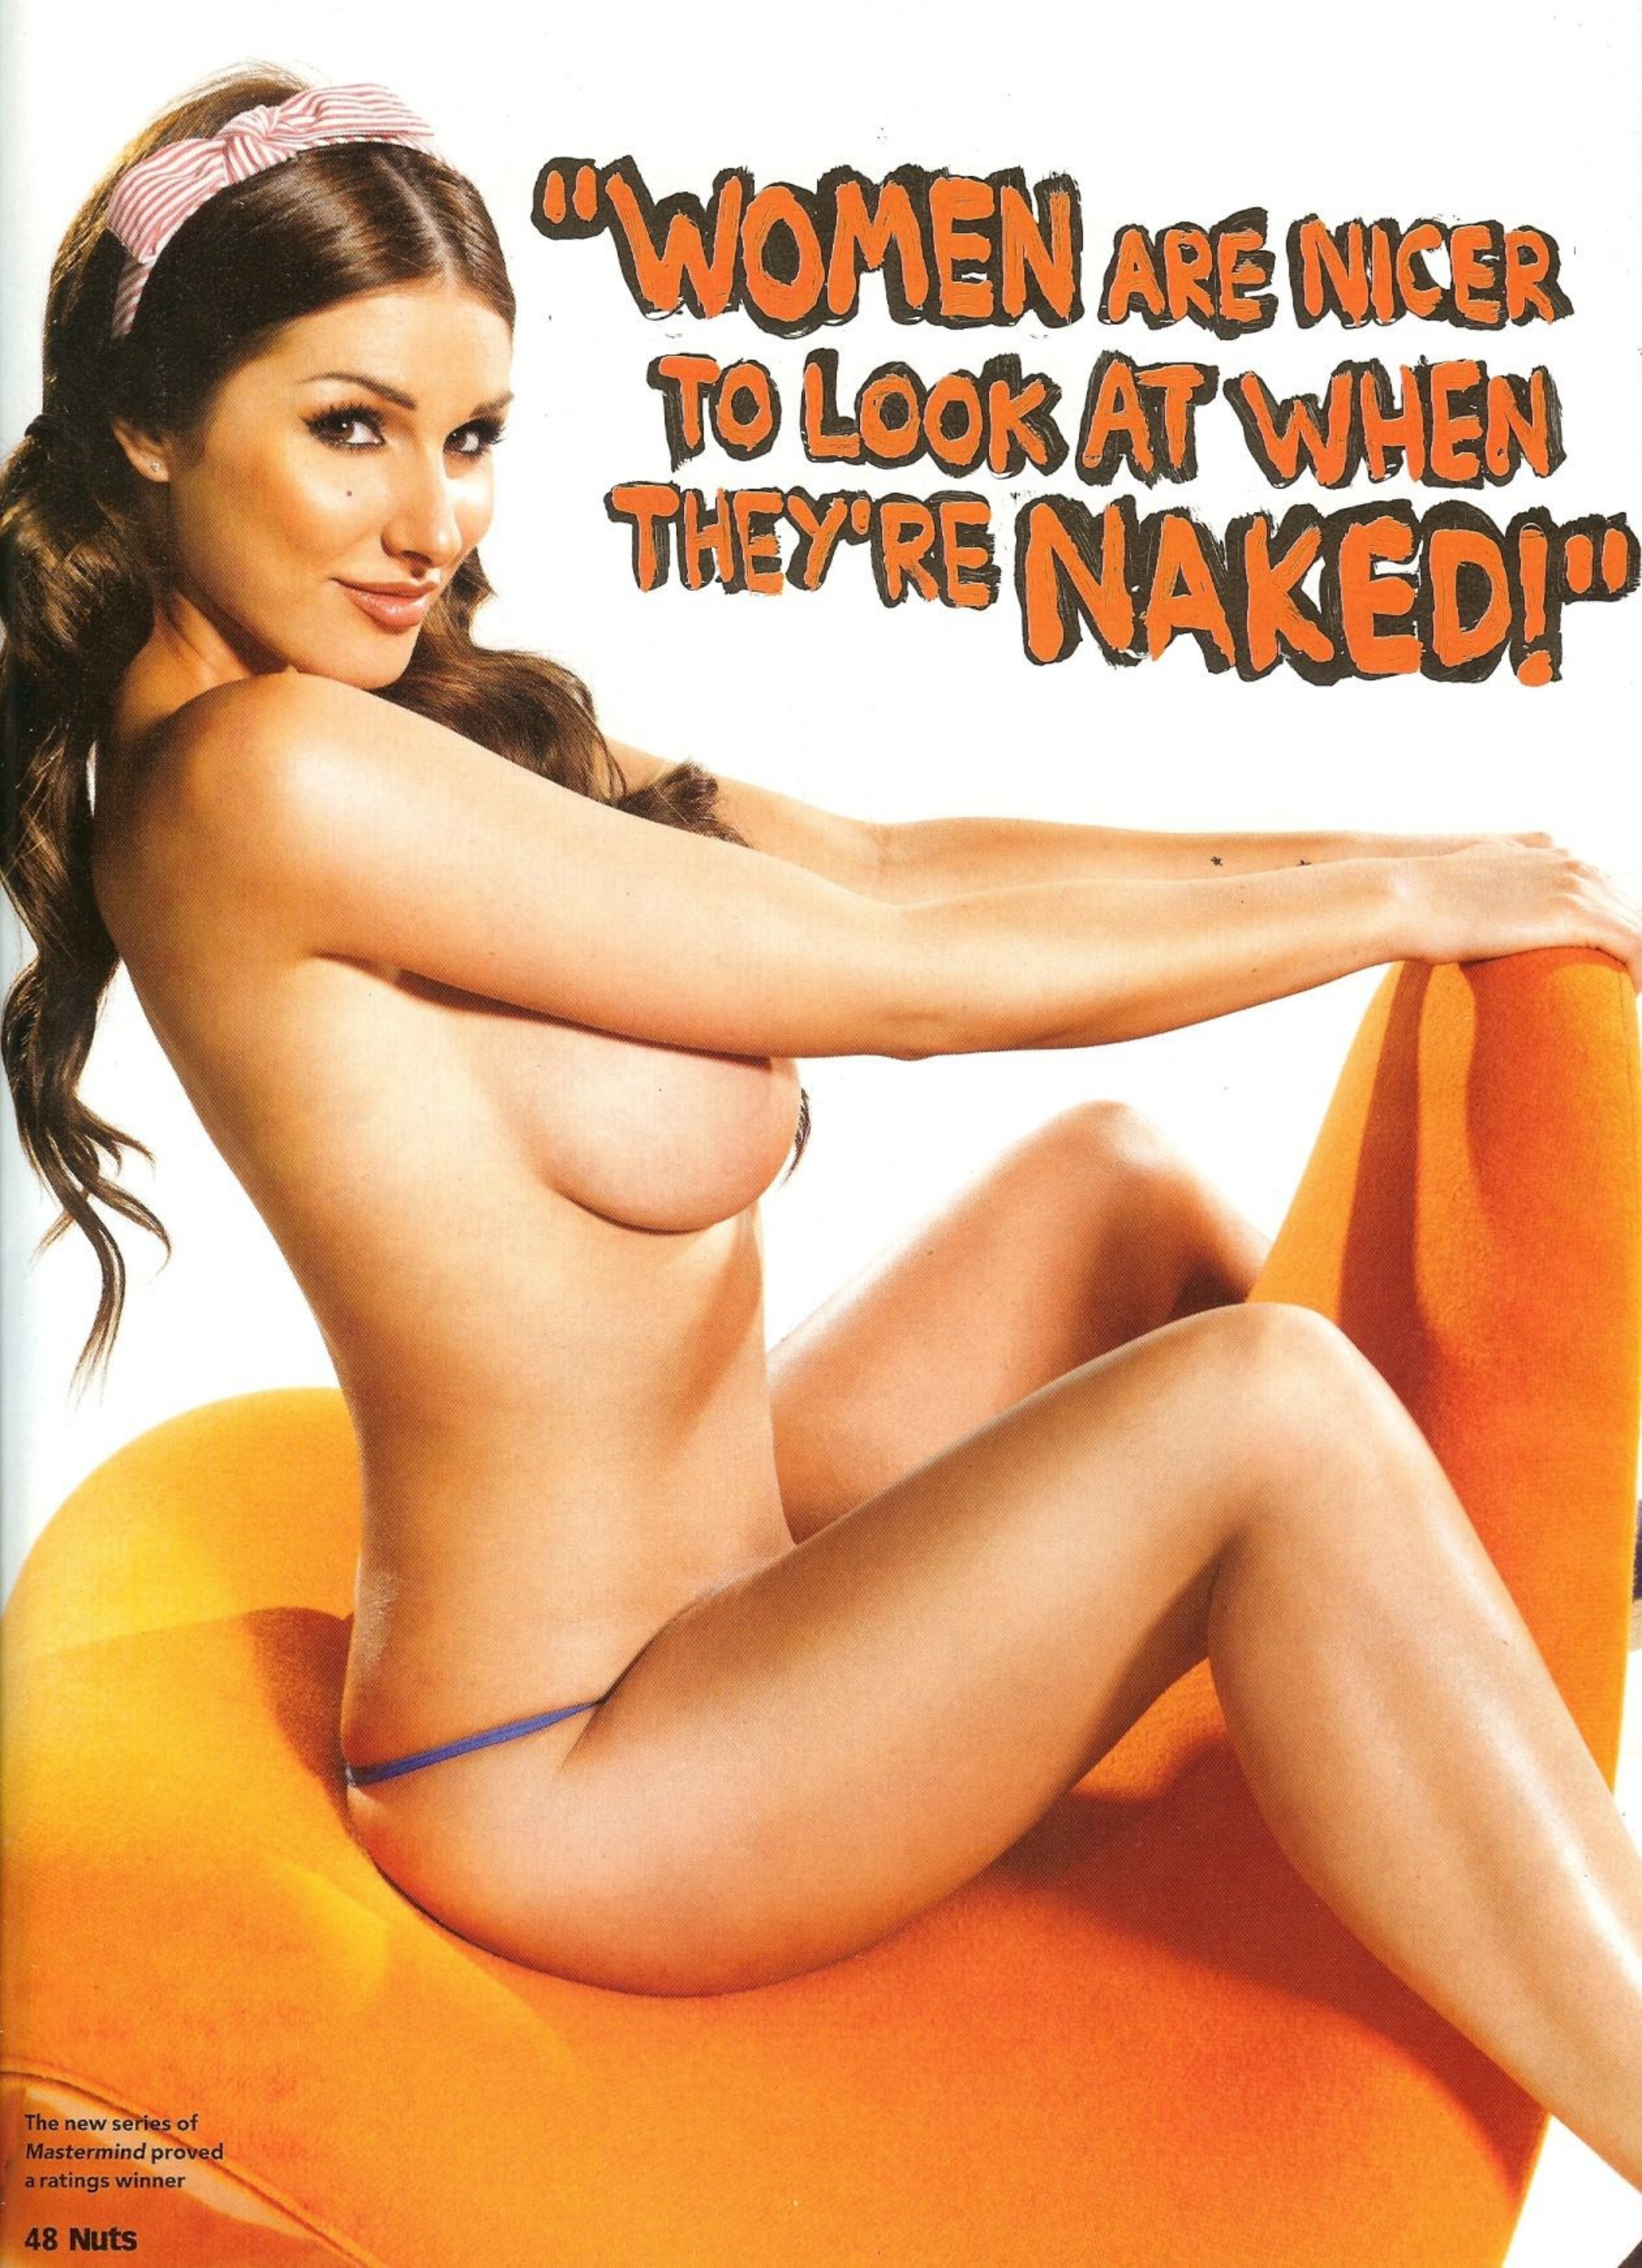

**"I'D LOVE TO  
PARTY AT THE  
PLAYBOY  
MANSION!"**

It was the sexiest  
rendition of *I'm A  
Little Teapot* ever

A woman with long brown hair, wearing a pink and white striped headband and a blue bikini bottom, is posing on a large orange beanbag chair. She is looking back over her shoulder at the camera with a slight smile. The background is plain white.

**"WOMEN ARE NICER  
TO LOOK AT WHEN  
THEY'RE NAKED!"**

The new series of  
Mastermind proved  
a ratings winner

## LUCY PINDER

Her sudden chest pains were proving problematic

**Have you not managed it yet?**

No, because I wanted to go to Borneo to see the orang-utans, then I realised that you have to be out there for quite a long time to actually get to a stage where you're on a one-to-one basis with them. Plus all the mosquitoes and stuff out there! I don't even like it in England in summer when the mozzies are around. I should go to Monkey World and ask if I can just shake one's hand or get one of their funny little monkey hands to grip my finger. I'd like to make contact with a monkey!

**According to a "Top Ten Things You Don't Know About Lucy Pinder" website, it says that you're bisexual on MySpace.**

What? That's not true! That must be a fake MySpace account.

**Oh, what a terrible shame! Lady-loving women the country over will be gutted. Sorry! Women are nicer to look at when they're naked, but I don't swing that way!**

**What's the strangest thing you've ever had to do for work?**

I think my worst was when I first started modelling and didn't really know what I was doing and was wearing practically nothing in Trafalgar Square on a shoot. We got chased out by security and I remember being like, "Oh my god! My boobs are hanging out and I'm being chased and could get arrested!" That was fun. Ha-ha! Also being naked in the snow in Val d'Isere. It was freezing. Lovely trip but it was cold in a bikini in the snow!

**Can England win the World Cup this year? No!**

**So if they aren't going to win, how far do you think they'll get in the competition?** I don't know. The England team seem to do alright when they're under a bit of pressure, so I think we might get a bit further than usual. I just don't think we have enough world-class players to win it. Sorry, guys. But when you look at the likes of Spain, Portugal and Argentina, it's frightening.

**We live in hope! You do want England to win, though, don't you?**

Yeah! I'm not too excited about it yet, but once it's actually on, I'll suddenly be like, "Come on, England!" ➡

**You do a lot for the forces. Have you got any plans to go out to Afghanistan again?** I'd really like to do another forces trip!

**What's the reaction like when you do go out there and meet the troops?** It's so good. It's so much fun. I think the media take this view that they all feel really sorry for themselves, but they don't. They're all really positive about things. Although there's danger involved, they enjoy their job and don't whinge about it. It's really humbling going out there. But at the same time, it's also a really good laugh!

**What are the troops like?** Ooh!

Ha-ha! They're just normal guys. The helicopter pilots can be a bit flash but, to be fair, it's pretty cool to be like, "This is what I drive around in," so fair enough.

**What was the last really nice thing you did for somebody?**

I gave someone my parking ticket because I had to pay for an hour and I was literally ten minutes, so I gave my ticket to this guy to use. I know it's not like saving the world but I thought it was nice! It was an older fella who probably wouldn't have a clue who I am or what *Nuts* magazine is. Ha-ha!

**How many naughty thoughts do you have a day?** Quite a lot. I'd say I think about sex as much as any bloke does. It's natural!

**What's your favourite rude word?** Oh, I can't say – it's far too rude. But my absolute favourite insult at the moment is calling people a penis. I just think it's quite amusing, and it's nicer than calling someone a c\*ck!

**Thanks, Lucy! Finally, do you like a bit of sexy talk in the bedroom?** Yeah, it's OK! I'm not very good at the sexy stuff there, though. I'm more private. Sophie Howard's always good for dirty talk, you can't stop her! I'm not easily shocked or anything, I'm just quite private – but you've got to look out for the quiet ones! ■

"Is this OK for my passport photo?"

Wow! That's all!"
